Healthy water, healthy life.

SS Gravity Water Filter

Doulton® gravity water filters are a dependable and cost effective means of providing water filtration in a location with an unreliable supply of safe drinking water.

Outdoor Recreation

For those situations where there is no reliable pressurised water supply, whether you're at home, on a campsite, or in a holiday cottage, an SS gravity filter enables you to have clean filtered drinking water on tap.

Clean, healthy, great-tasting water from almost any fresh water source.

Emergency Preparedness

Doulton® gravity filtration systems are designed for emergency response as well as for use in short, medium and long term humanitarian relief situations such as refugee camps, natural disaster zones and community development programs.

Providing safe drinking water to millions of people all over the world.

- Compact, portable
- Easy to operate, simple to maintain
- Gravity fed, no power or mains water supply required
- Long-life filter candle can be cleaned and reused for extended life
- Proven protection against water-borne disease

Technical Specifications

Material	High grade polished stainless steel
Dimensions	Height: 490mm Width: 260mm
Space saving storage	Height: 330mm Width 260mm the upper chamber fits into the lower chamber
Compatible candles	Sterasyl®, Super Sterasyl®, ATC Super Sterasyl®
Candle type	7" long x 2 " in diameter (254 x 49mm) long thread and wing nut

The SS consists of two containers, the upper container is filled with untreated water which then filters down into the lower container, through a number of ceramic filter candles. The number of filter candles used will depend on the flow rate required:

Model	SS2	SS3	SS4
No of candles	2	3	4
Lower chamber capacity (litres)	8.5	8.5	8.5
Flow rate up to (litres per hour)	1.7	2.5	3.3

A GENUINE WATER FILTER
MADE IN BRITAIN

Healthy water, healthy life.

SS Gravity Water Filter

Multistage filtration in one filter candle
